There's no light in the hall
There's no sound here at all
Emptiness, emptiness, rules
Why'd I wanna come home?

You ain't sat in your chair
No one calls, no ones there
Just a clock, tick, tock
Tears, so many tears

Help me please
I'm in need
Cause being alone scares the life out of me
Help me please
I'm in need
Cause being alone scares the life out of me
Being alone scares the life out of me

Breaking down on the stairs
Hello loneliness, Hello despair
All of this, all of it wrong
You won't ever come home

They can take what they please
They can take the blame
Everything, everything is free
Have it on me

Help me please
I'm in need
Cause being alone scares thee life out of me
Help me please
I'm in need
Cause being alone scares the life out of me
Being alone scares the life out of me
Being alone scares the life out of me
