### "Second Line Style"

Visit "[Second Line Style](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Oh the weight upon your shoulder  
As you feel you're getting older  
Everybody wants to tell you

Get a job, check your life,  
Pay the rent and get a wife  
Get a loan, pay it off then die  
In your sleep, in your dreams  
You're on the streets of New Orleans  
Mardi Gras, dancing Second Line Style

You were young, you kicked back,  
All night parties at your flat  
You let go but it's all been a while  
You were cool you had fun,  
You took no sh\*t from anyone  
Front it out with a Second Line smile

Pretty girl, pretty face,  
Made this God awful place  
Come alive feel like Vegas on the Strip  
But the weight upon your shoulder  
As you feel you're getting older  
Everybody wants to tell you

Get a job, check your life,  
Get a baby, get a wife  
Get a loan, pay it off then die  
But in your sleep, in your dreams  
You're on the streets of New Orleans  
Mardi Gras, dancing Second Line Style

You were young, you kicked back,  
All night parties at your flat  
You let go but it's all been a while  
We would run through the streets,  
Singing songs at the police  
Disappear down the Second Line mile

Pretty girl, pretty face,  
Made this God awful place

Come alive just like Vegas on the Strip  
But the weight upon your shoulder  
As you feel you're getting older  
Everybody wants to tell you

Get a job, check your life,  
Get a husband or a wife  
Sing this song  
As you're dancing down the aisle

Sound familiar?

Get a job, pay the rent,  
Hope your pension don't get spent  
By the boss on the moonlight mile  
In your sleep, in your dreams  
You're on the streets of New Orleans  
Mardi Gras, with a margharita smile

Get a job, check your life,  
Get a baby, get a wife  
Get a loan, pay it off then die  
But in your sleep, in your dreams  
You're on the streets of New Orleans  
Mardi Gras, dancing Second Line Style

Get a job, check your life,  
Get a husband or a wife  
Sing this song  
As you're dancing down the aisle
