Hey, don't you know you wear me out?
Don't know if I'm lost or found
You blow my mind, I bite my lipÃ,Â...
You hit me like a bad trip

Oh yeah this modern life
Yeah yeah she's like suicide
Hits you right between the eyesÃ,Â...

I've gotta thousand people telling me
A million ways that I should be (take it easy now)
We all get pulled this way and that
Count your blessings, don't look back. (you and I we've
gotta)

Stay alive, come on stay alive
When they've got you spinning round and round and
roundÃ,Â...

Hey! it's time to get some living done
Cause this is looking like a car crash
I don't wanna fade away
I ain't going like thatÃ,Â...

Oh no this modern life
Yeah yeah she's like suicide
Hits you right between the eyesÃ,Â...

I've gotta thousand people telling me
A million ways that I should be (take it easy now)
We all get pulled this way and that
Count your blessings don't look back. (you and I we've
gotta)

Stay alive, come on stay alive
When they've got you spinning round and round and
roundÃ,Â...
We've gotta stay alive

This is the modern life, suicide,
A point forty five, right between your eyesÃ,Â...

Put the kick back in your step, put the kick back in your
head
I ain't going out this way, shake it like an
earthquakeÃ,Ã...

I've gotta thousand people telling me
A million ways that I should be (take it easy now)
We all get pulled this way and that
Count your blessings don't look back. (you and I we've
gotta)

Stay alive, come on stay alive, we've gotta stay
aliveÃ...
This is suicide, we've gotta stay aliveÃ...
When they've got you spinning round and round and
round, you know
We've gotta stay alive
When they've got you spinning round and round and
round, you know
We've gotta stay alive
