Stop (x2)

Wonder what the hell should I do?
Sit and wait for a breakthrough
I know I've been wasting my time
Look in the mirror, I'm a disgrace
Pull off my clothes, pull off my face

(I won't let you down)
Oh no I can't stop now
(I won't let you down)
Coz this is the only drug I've found
(I won't let you down)
And when you call my name
(I won't let you down)
Can't help it's all that I know

Out of control
I flip and then I flop
Gotta pocket full of problems but I just can't stop
I can't think straight
Gotta make it to the top
I'm a bag of contradictions but I just can't stop

Wake up to a sunset
I need a break gotta reset
Just one more time I can...
Are you feeling lost?
Kinda out of place?
Hours, days, months, years gone without a trace

(I won't let you down)
I'm moving double speed
(I won't let you down)
I want all the things that I don't need
(I won't let you down)
You turn me inside out
(I won't let you down)
Whatever coz all that I know

Out of control

I flip and then I flop
Gotta pocket full of problems but I just can't stop
I can't think straight
Need to kick it to the top
I'm busy doing nothing and I'm never gonna stop

I'm out of control (x3)
I just can't stop

This ain't over yet
No no no
This ain't over yet
I'll watch ya
Come on (x4)

Stop (x4)

I'm out of control
I flip and I flop
Gotta beautiful... and I just can't stop
I'm gonna stop at nothing
Gonna make it to the top
Turn it on turn it on
Coz I just can't stop

I'm out of control (x7)
I just can't stop
