Tonight we've waited far too long
For some good times to come along
And though it's no-one's fault but ours
It hasn't helped that they've been dragging us down
too

This stinking hole has had its day
Gonna fly out and have it raised to the ground
And in its place a brand new world
just for us West London screams
Can't you see the problem?
They can't see further than tomorrow

I'm getting stronger everyday
He's getting stronger, stronger
We people are getting stronger, stronger
I'm getting stronger everyday

You dish it out, I'll take it in
I can only grow from the lies you spin
If you're not scared then you should be
Nothin' in the world will keep you from me
I'm coming home
Can't you see the problem?
They can't see further than tomorrow

I'm getting stronger everyday
He's getting stronger, stronger
We people are getting stronger, stronger
I'm getting stronger everyday

Well I just can't wait any longer

I just keep on movin' getting stronger
I look up, look further than tomorrow

We keep getting stronger, stronger
We people getting stronger, stronger
We keep getting stronger, stronger
We People getting stronger, stronger, stronger

Yeah hear West London scream

Can't you see the problem?
They can't see further than tomorrow
I'm getting stronger everyday
He's getting stronger, stronger
We people are getting stronger, stronger
I'm getting stronger everyday

We keep getting stronger, stronger
We people getting stronger, stronger
We keep getting stronger, stronger
We People getting stronger, stronger
We keep getting stronger, stronger
We people getting stronger, stronger
We keep getting stronger, stronger
We People getting stronger, stronger
