We still got a long way to go
We still got a long way to go
We all got a long way to go
What's keeping us apart isn't selfishness
What's holding us together isn't love
Listen to the man who's been touched all his life
Yes, he's the one they call the fool
Where is that saviour of the sidewalk life
And the road that takes us to the crusades?
I've seen those shadows as they're moving in my sleep
Leading the blind poet to his grave
We still got a long way to go
We still got a long way to go
Yes, we all got a long way to go
Please don't waste your energy on me, my friend
Cause we still got a long way to go
We'll meet again some day
But right now, just go away
Cause I still got a long way to go
The silence is speaking
So why am I weeping?
I guess I love it
I love it to death
Yes, we still got a long way to go
Yes, we still got a long way to go
Yes, we all got a long way to go
