So we got to go together  
The party is so important  
We'll split up forever  
Even though you don't know why  
You 're not on my side  
Still we got to go together  
Bag on your head  
Beautiful inside  
Bag on your head  
Wake me up I'm alive  
So you say you don't remember  
Happy hour from five to September  
When I bite my hand I'm fine  
When you scream that's when you shine  
Still gone  
Still don't remember
