And I travelled around to educate myself
Stand up straight I'm easy to persuade
It's all so numb, I can't feel no more
Miss you my friend, pinch me again
The present time isn't like past times
Neon lights instead of laughing crimes

I struggled so hard and took it quite far
But all that shows on my hands are scars
Stand up straight, no need to look in my eyes
Still miss you my friend, don't hurt me again
Dear old fame damn don't you pretend
It's all so numb, I can't feel no more

Stretch my tolerance
Act like a man it's all bullshit when it comes to the end
Dear old Stockholm
Can't you feel the loving that I send?
Fame, all the money
That's all bullshit when it comes to the end
Dear old Stockholm
Made a place in my mind

And I travelled around to educate myself
Stand up straight I'm easy to persuade
It's all so numb, I can't feel no more
Miss you my friend, pinch me again
The present time isn't like past times
Neon lights instead of laughing crimes

Stretch my tolerance
Act like a man it's all bullshit when it comes to the end
Dear old Stockholm
Can't you feel the loving that I send?
Fame, all the money
That's all bullshit when it comes to the end
Dear old Stockholm
Made a place in my mind

Violent ground and amusement sound
Mutual partners, weaknesses to be found
Violent ground and amusement sound

Mutual partners, weaknesses to be found

Dear old Stockholm
Can't you feel the loving that I send?
Fame, all the money
That's all bullshit when it comes to the end
Dear old Stockholm
Made a place in my mind
Dear old Stockholm
Can't you feel the loving that I send?
Fame, all the money
That's all bullshit when it comes to the end
Dear old Stockholm
Made a place in my mind
