I get a little sentimental when I fall
I get a little too much when you push me too far
Don't you be sad but I'm the best that you had

It hurts a little too much and it got out of hand
I know it's so wrong, been there before but I always
want more
Hope you can see, you don't matter to me, go set me
free

Oh no here, comes that sick bitch again
So put your guard up because she wants a sick man
Someday she will be your friend and break you down,
Down again

My friend

You nail me to the wall if I don't answer your calls
You say it ain't easy, uneasy you are
I feel a bit sad, I know it's bad,
You don't mean shit to me that's what she said
I know it's so wrong, been there before but I always
want more
Hope you can see, you don't matter to me, go set me
free

Oh no, here comes that sick bitch again
So put your guard up because she wants a sick man
Someday she will be your friend and break you down,
Down again

My friend,
Again

I get a little sentimental when I fall
I get a little too much when you push me too far
You say it ain't easy, uneasy you are
Go set me free

Oh no, here comes that sick bitch again
So put your guard up because she wants a sick man

Someday she will be your friend and break you down,
Down again!

My friend,
Again
My, my, my, my, my, my, my friend!
Again...
Again...

Oooh, my friend
