Got to be strong, give you my smile.
Soon you'll be gone, won't see you for a while.

I heard she had some problems
The kind you cannot hide.
She'll never be with me again,
No more ways to pretend.
I'll never find a better friend
Is it a start to the end?

I got to be strong, remember your smile
Now you are gone, won't see you for a while,
See you for a while.

Come with me, take my hand,
Please understand that this is not the end.
Long time no seen, my friend.
Go to that place where we'll meet again,
This is not the end.
Long time no seen, my friend.
This is not the end
This is not the end.

I know she had some problems,
Something you cannot hide.
They will never go away,
And your smile starts to fade.
It eats you up inside,
Life's not going your way.

I got to be strong, remember your smile
Now you are gone, won't see you for a while,
See you for a while.

Come with me, take my hand,
Please understand that this is not the end.
Long time no seen, my friend.
Go to that place where we'll meet again,
This is not the end.
Long time no seen, my friend.

This is not my place, not where I stay,
Only darkness in this place, please take my hand.
Take me away.

I heard she had some problems
And it will never go away,
Never go away!

Come with me, take my hand,
Please understand that this is not the end.
Long time no seen, my friend.
Go to that place where we'll meet again,
This is not the end.
Long time no seen, my friend.
I said maybe
Baby
Maybe
I said "baby, take me away"
