Baptized without a mother

Am I tough like the others

Oh no

Sunshine on my brothers

I drink when I see problems

Low

So low

That's what they call me sometimes

Beautiful women shine

I don't wanna sleep with sophisticated ladies

I just wanna live in filth with some deadbeats

Can't take this any longer

Some wine

I gotta get stronger

Low

So low

Poor boy U don't know how to stare into her eyes

Oh no
