Never seen, keep it straight,  
Keep that shit away.  
Too much going round  
I won't change, no way.

No one's dead, but I'm wearing black,  
A conversation with a broken man.  
I won't lie, I won't cheat,  
You've been hit, knocked by me.

Too much business,  
That's too much business,  
That's too much business  
For a rolling man.  
That's too much business,  
That's too much business,  
That's too much business  
For a rolling man.

Break down out around,  
Take my soul away.  
This time no one cares  
It all just sounds the same.

No one's dead, but I'm wearing black,  
A conversation with a broken man.  
I won't lie, I won't cheat,  
You've been hit, knocked by me.

Too much business,  
That's too much business,  
That's too much business  
For a rolling man.  
That's too much business,  
That's too much business,  
That's too much business  
For a rolling man.

No one's dead, but I'm wearing black,  
A conversation with a broken man.  
I won't lie, I won't cheat,

You've been hit, knocked by me.

Too much business,  
That's too much business,  
That's too much business  
For a rolling man.  
That's too much business,  
That's too much business,  
That's too much business  
For a rolling man.

Too much business,  
I just got nothing to say,  
That's too much business,  
And all you need is to get this shit out my way  
There's just too much business around, I'll tell you that.
