La la la la la la...

Won't be complicated, won't be compromised
No shame in who you are!
Trying to confuse us, we don't need a cure
You know you're not alone

If you say it, then mean it!
If you mean it, then do it!

This one's for the outcast, for those about to fall
This is for the lowlife, this one's for us all

La la la la la la...

This is for the outcast
We don't need a cure!

La la la la la la...

If you say it, then mean it!
If you mean it, then do it!
If you want it, then take it!
If you take it, don't fake it!

This one's for the outcast, for those about to fall
This is for the lowlife, this one's for us all

La la la la la la...

This is for the outcast
We don't need a cure!

La la la la la la...

This one's for the outcast, for those about to fall
This is for the lowlife, this one's for us all

La la la la la la...

This is for the outcast
We don't need a cure!

La la la la la la... (this is, outcast, and we don't need a cure!)

(This is for lowlife, this is for outcast)

And we don't need a cure!
