Party people, your dream have now been fulfilled get
out your seats and lets get ill

Well it's time for underground flavor
Hip hop make ya change yo behavior
Now for you rock-n-roll heads or you ravers
You don't know now but you gon' find out
We'll be rocking this ass and kicks
Freestyle fellowship in the mix
Afterlife best men in the mix
You don't know now but you gon' find out!

I don't think that im'a sleep tonight
My name is Aceyalone keep it tight
Them other fools just can't freak the mic
You don't know now but you gon' find out!

Who got
Who got
Who got
Who got
Unbderground on the road smoking hot
Who got the mic to serves these bumboclot!
You don't know now but you gon' find out!

Party people, your dream have now been fulfilled get
out your seats and lets get ill

One for the money, two for the all the rest
My crew from the west is through with all the mess
Yes, you rocking with the best beyond the doubt
You don't know now but you gon' find out!

We get you up for the ressurection
That after life project-low connection
Im rhyming to get rid of you imperfections
You don't know now but you gon' find out!

The who, what, where, when, and why
Legendary style that we spit on the mic
Whether memorize or the improvise

You don't know now but you gon' find out!

[?]. . . we be shacking doors
Open the doors so we pack the floors
You were looking for a battle but you fell into a war!
You don't know now but you gon' find out!

Party people, your dream have now been fulfilled get
out your seats and lets get ill

One for the money, two for the show
Three, four, five, six, and seven for the flow
Eight, nine, ten, eleven, add a couple more
I got one double o one ways that i can go
So - have a sit relax yo feet
Boy i'll stand walk man rock this beat
If you aint got this than you aint complete
Yo feel this heat on your neighborhood street

Trying to make ends meet, freak and get acquainted
This a lot different from the pictures that they gave ya
Ill try to explain it the best way that i can
Today's all i got; yesterday i stand
Im a grown ass man who got to survive
Hold out yo hand and all i do is slap you five
They shutin down the microphone soon as we arrive
[?] ... guns & knives

Party people, your dream have now been fulfilled get
out your seats and lets get ill
