you call me in the dead of night  
want me to hold you tight  
woman I know  
it's just a game we're playing in my mind  
it's just a game we're playing in my soul  
I should be running away I know  
the fire's still burning in my heart  
the fire's still burning bright

I got 10,000 reasons to go  
you're destroying my heart  
but I still can't let go  
I got 10,000 reasons to go  
but seems like I need one more

I can't let go  
leave you alone

holding on to you  
just makes me look a fool  
woman I know  
I got your poison running through my veins  
my heart is craving you again and again  
I should be running away I know  
can't let you go no matter how I try  
the fire is burning bright

I got 10,000 reasons to go  
you're destroying my heart  
but I still can't let go  
I got 10,000 reasons to go  
but seems like I need one more

I've been waiting  
I've been waiting so long now  
end this sorrow, this endless pain  
it's all I get, all I get

I got 10,000 reasons to go  
you're destroying my heart  
but I still can't let go  
I got 10,000 reasons to go

but seems like I need one more

I can't let go  
leave you alone
