I'm back in the ring
I just came to win
See the darkness all around
Your new home that I found

Every day and every night
No end in sight
I waited for you
Now what should I do?

I'm on my way
Revenge, that's all I can say
I'm back on the track, oh yeah
I'm ready, are you too?

Living in the dark borderline
I'm bulletproof
Acting like a shark I'm seeking you
In the danger zone

Hold back your tears
Truth and lies, sadness appears
Don't climb any mountain
And lock every door

I'll tear down the walls
Got no peace at all
No need to answer
You're the fool, the dancer

I'm on my way
Revenge, that's all I can say
I'm back on the track, oh yeah
I'm ready, are you too?

Living in the dark borderline
I'm bulletproof
Acting like a shark I'm seeking you
In the danger zone

Got no fear at all that you say

Castles in the sand
The writings on the wall talk of you
In the danger zone

The earth was shakin'™
You find no way out
I'm taking your soul
To the danger zone

Livin'™ in the dark borderline
I'm bulletproof
Acting like a shark I'm seeking you
In the danger zone

Got no fear at all that you say
Castles in the sand
The writings on the wall talk of you
In the danger zone

Livin'™ in the dark borderline
I'm bulletproof
Acting like a shark I'm seeking you
In the danger zone
