Oh I watch you scream  
Then I watch you go  
Then you realize you're all alone  
Then you want me back  
Yet I can't take that  
And that's where we were at but something seems so  
wrong

And the times we shared  
When we walked around the world  
With our fingers locked so we  
Wouldn't let go  
And the pieces of puzzles were spread all around  
But we made it  
Oh we made it

Maybe if we close our eyes and smile  
All the good times will come back  
We could go to anywhere we want  
And forget about the aching past  
And I don't want to leave this place again

I want to understand  
Why it hurts so bad  
But your all I have I can't let go  
Your secret life  
Comes alive at night  
Your poison eyes look deep into my soul

And the times we shared  
When we walked around the world  
With our fingers locked so we  
Wouldn't let go  
And the pieces of puzzles were spread all around  
But we made it  
Oh we made it

Maybe if we close our eyes and smile  
All the good times will come back  
We could go to anywhere we want  
And forget about the aching past  
And I don't want to leave this place again

Until I open my eyes and see
