Well it was something that took me by surprise
Just when I tried to rearrange my life
The I found out things that I didn't really wanna

No it's not easy no it ain't easy
Trying to get ahead in the world
Then all of a sudden it came over me
And now I finally know

Even the hard times were good times
You know I'd do it all over again
Even when I can't see what I left behind me
You know I'd do it all over again

I'm noticing now there's some new things in my life
I try to turn them around
But it's to late to change my mind
Then I found out things that I didn't really wanna
