(Hess / Lesperance)

I know I was going up and all the way
There was never adoubt
Then you came and everything
Just turned around
Holding me down
Draggin' medown

I don't think of where
would be now
Without you pushing me
Back on theground
Every time I think I'm
Moving on
In your arms I'll be found
Holding medown
Darggin' me down
Now I think of what I've
Done that I should pay
So bad I usedto be proud
Alright another day of giving in
You know that I'm
Spinning around
Draggin Me Down
