"Going Under"

Your life is on display
Each and everyday
Little secrets you try to hide
They'll be darker days
Coming round your way
And no one to sympathize

In denial of all your sins
Holding out thinking, you're gonna win

But you're going under
And the whole world knows
That you're going under
You're a man overboard, ya know

Super falling star
Yeah that's what you are
You're not what you used to be
Now know one can relate
Making you easy to hate
A thriller beyond belief

In denial of all your sins
Holding out thinking, you're gonna win

But you're going under
And the whole world knows
That you're going under
You're a man overboard, ya know

Now you're going under
And the whole world knows
That you're going under
You're a man overboard, ya know

In denial of all your sins
Holding out thinking, you're gonna win

But you're going under
And the whole world knows
That you're going under

You're a man overboard, ya know

Now you're going under
And the whole world knows
That you're going under
You're a man overboard, ya know

In denial of all your sins
Holding out thinking, you're gonna win

But you're going under
And the whole world knows
That you're going under
You're a man overboard, ya know

Now you're going under
And the whole world knows
Now you're going under
You're a man, man overboard

Now you're going under
And the whole world knows
Going under...
