If you go, if you'll stay  
Has become a mystery  
Have you found what you need?  
What's the voice inside your head saying

I don't know what your thinking or what's up or down  
The highs and lows tend to shake me off solid ground

I'm hanging on to promises never meant for me  
I want to hold you, hold you to your word  
I'm hanging on to promises never meant for me  
I want to hold you, hold you to your word

Empty vows, empty dreams  
Somehow ignored so faithfully  
How do we know where we stand?  
Can't leave it all to circumstance

I don't know what your thinking or what's up or down  
The highs and lows tend to shake me off solid ground

I'm hanging on to promises never meant for me  
I want to hold you, hold you to your word  
I'm hanging on to promises never meant for me  
I want to hold you, hold you to your word

I haven't felt it in a long time  
I invented it in my mind  
Ooh, it's blind leading the blind  
In this storm till every hope is gone

'Cause I want to hold you, hold you to your word

I'm hanging on to promises never meant for me  
I want to hold you, hold you to your word  
I'm hanging on to promises never meant for me  
I want to hold you, hold you to your word, to your  
word...

I'm hanging on to promises never meant for me  
I want to hold you, hold you to your word, I'm hanging

on...

I'm hanging on to promises never meant for me

I want to hold you, hold you to your word
