Next time around...

Nothing can compare
To our state of affairs, was it all a lie?
With our love in repair
I commit emotional suicide

So I'm on the run
And you'll become
A faded memory

Next time around - No, you won't see me
Next time around - There will never be a
Next time around...

Half a million tries
And zero compromise
Leading to the end
Oh, I'm jumping off the ride
And writing my goodbye's in a letter, yeah

So I'm on the run
And you'll become
A faded memory

Next time around - No, you won't see me
Next time around - There will never be a
Next time around - No, you won't see me
Next time around - There will never be a
Next time around...

Next time around - No, you won't see me
Next time around - (There will never be a) There will
never be a
Next time around - No, you won't see me
Next time around - (There will never be a) There will
never be a
Next time around - No, you won't see me - No, you
won't see me
Next time around - There will never be a - There will
never be a

Next time around...
