Embrace the love you find
'cause today is only time
That slips through your hands
And forever leaves you behind

Yesterday life was alright
But now a memory
'cause today I only find
Hell surrounding me

Caught on a thinner wire
Looking down in the fire

Hanging on another day
You fall to pieces
With heaven at your feet
You're gonna find another way
The only reason
Anything should be
Everything is on the line
And the weight of the world's on you

Everyday I'm gonna try
Until I find the key
And my faith will never die
Remembering what's real

Caught on a thinner wire
Looking down in the fire

Hanging on another day

You fall to pieces
With heaven at your feet
You're gonna find another way
The only reason
Anything should be
Everything is on the line
And the weight of the world's on you

Hanging on another day
You fall to pieces

With heaven at your feet
You're gonna find another way
The only reason
Anything should be
Hanging on another day
You fall to pieces
With heaven at your feet
You're gonna find another way
The only reason
Anything should be
Everything is on the line
And the weight of the world's on you

Embrace the love you find
'cause today is only time...
