Dos' mou ena tsigaro,
na statho na paro isitirio
Dipla sta zevgaria,
ta dekaochtaria, ti mystirio

Idia in' i chara, opos mia fora

Den yparchi allo,
ti na vgalo, pio diazoma
Na 'me ego me sena,
ki ola anevasmena, pedomazoma

Thelo na sto po, poso s'agapao
ke na me kratas, opos tha kitas

Ego sta niata mou ximerona
Ellada, Evropi, Ameriki
Oti agapousa t' apotheona
arki na isouna eki
Tragoudia, stadia, syngkrotimata,
kardia mou, agapi mou glykia
Mas fagan ola mas ta chrimata
alla mas emine i rokia

S' evlepa ap'to plai
ki elega gelai, ke simera
T'agriaxegelai,
pou 'rthane na dioxoun ta imera

Thelo na sto po (s'agapo-s'agapo)
poso s'agapao
Pou oti mou zitas, ine erotas
