It used to break my heart each time you cheated
I tried to leave the Lord knows how I tried
But I stay here no matter how I'm treated and all it
really cost me was my pride
But I don't mind I don't mind I did for a time but I don't
mind
You and I have a perfect understanding you come and
you go just as you please
And I never get too angry or demanding it's hard to get
mad on your knees
But I don't mind baby I don't mind I did for a time but I
don't mind
[dobro]
Once I was strong as the mountain I stood tall like a
giant oak tree
Now my blood runs thin like water from a fountain
you've taken all the man out of me

But I don't mind baby I don't mind I did for a time but I
don't mind
I don't mind baby I don't mind I did for a time but I
don't mind
