JUST A QUEEN FOR A DAY

(Harlan Howard)

© '57 Central Songs

Hold me my darling make me believe those sweet  
tender love words you say  
And help me forget that tomorrow you'll leave and I'm  
only your queen for a day  
Queen for a day queen for a day  
You'll love me and leave me you're funny that way  
But darling I love you and each night I pray  
I won't be just your queen for a day

No child in the nursery no ring on my hand for love is a  
game that you play  
But I'll hold you darling as long as I can yes I'll be your  
queen for a day  
Queen for a day queen for a day...
