Now I get a little older everyday seems like I'm working
my life away

But I got a couple of dollars and a couple of friends
I'm in pretty good shape for the shape I'm in pretty
good shape for the shape I'm in

It seems like life is a mighty tough road

But I got a good woman helps me tote the load

And though she kinda nags me ever now and then

I'm in pretty good shape for the shape I'm in pretty
good shape for the shape I'm in

[guitar]

Now the crops ain't growin' like they ought to be they
ain't had good rain since '53

We're skinny but we're healthy so we won't complain

We're in pretty good shape for the shape we're in

Pretty good shape for the shape we're in

Got an old watch dog we call Misery he takes the
strangers and he barks at me

Every puppy in the county's his next of kin

He's in pretty good shape for the shape he's in

Pretty good shape for the shape he's in

[piano - steel]

Got a still up there by the cementary the corn's a little
stronger than it ought to be

If you sip that stuff and you're still on your fence

You're in pretty good shape for the shape you're in

Pretty good shape for the shape you're in

Sometimes I think that the government is doing lots of
things without my consent

But there's chickens in the yard and hogs in the pen

We're in pretty good shape for the shape we're in

Pretty good shape for the shape we's in
