Before you dismiss
A case such as this
I'd like to say a few words, listen
Don't you resist
I did it for love
What more can I say
I only hope you'll understand my plea someday

Don't hold me to blame
I'm a little insane
And I'm growing more and more everyday
I'll never get out
And no one gets in
To this cold secluded world you put me in

Understand my motivation
It's not infatuation
Baby
Oh baby
You were the witness
You be the judge
I did it for love

I don't question you your honor
I did it for love
I did it for love
What more can I say
I only hope you'll understand my plea someday

BRIDGE

Understand my motivation
I'm reaching saturation
Baby, oh baby

You were the witness
You be the judge
I did it for love
I don't question you your honor
I did it for love
I did it for love

What more can I say?
I only hope you'll understand my plea someday
I did it for love
(You were the witness)
I did it for love
(You be the judge)
I did it for love
(You were the witness)
I did it for love
(You be the judge)
(You were the witness)
(You be the judge)

Love
I did it for love
I did it for love
I did it for love
