One dime is all it all it cost me, and
I found out for sure
You know, that you double-crossed me
Just how much can I endure?

Last night I was walkin'
And I, I saw you with my friend again
And you weren't both talking
Least I don't try to pretend

Innocence
(whoooo)
Innocence
(whooooo)
Innocence
(whooooo)
Oh what a lie baby
Don't even try lady

I laughed when I first met ya
How you were so demure you know
Now that I don't trust ya
You just say I've lost control

You said you'd always love me
Said you'd be my friend
You had your fingers crossed
You stuck it to me in the end

Innocence
(whoooo)
Innocence
(whooooo)
Innocence
(whooooo)
Oh what a lie baby
Don't even try lady
Innocence, yes it's all you ever pleaded
Innocence, yes it's all you'll ever plead
Innocence
Yes, it's all you'll ever plead to me

Yes it's all you ever pleaded

Innocence, yes it's all you ever pleaded

Innocence

Yes it's all you'll ever plead

Innocence

Yes, it's all you'll ever plead to me

Yes it's all you ever plead

One dime is all it all it cost me, and

I found out for sure

You know, that you double-crossed me

Just how much can I endure?

Innocence

Yes it's all you ever pleaded

Innocence

Yes it's all you'll ever plead

Innocence

Yes it's all you ever plead to me

Yes it's all you've ever plead

Innocence

Yes it's all you ever pleaded

Innocence

Yes it's all you'll ever plead

Innocence

Yes it's all you ever plead to me

(It's all you'll ever plead)

Yes it's all you ever plead to me

(It's all you'll ever plead)

Yes it's all you ever plead to me

(It's all you'll ever plead)

Yes it's all you ever pleaded

Innocence
