Whenever you start I will always follow you  
Don't ask me why  
I can't help myself I'm still overrated with my  
pills, I can't move all day long just to keep you  
informed  
I'm staring at the dark, wrinkled half - moons  
beneath my eyes...  
Let me move on and touch the sky... so cut the endless  
line  
When she took my head in her arms and kissed my hair  
so softly I was staring at the skin of her hands  
Nothing really matters...  
I can't help myself I'm still overrated with my  
pills, I can't move all day long just to keep you  
informed  
I'm staring at the dark, wrinkled half - moons  
beneath my eyes...  
Let me move on and touch the sky... so cut the endless  
line
