i daresay... youÃfÂ, 're right Small protuberances all  
over my skin... will show you all the places where my  
heart has been  
IÃfÂ, 'm supposed to love you more than anything... but  
exhaustion causes our suffering  
I daresay... youÃfÂ, 're right I couldnÃfÂ, 't believe your  
threats were for real... which made me swallow on your  
bitter pill  
You and me another tragedy Expunge the shame of all  
those things you did and couldnÃfÂ, 't see  
All your lies, all of your beautiful lies... provide our  
human aftertaste  
IÃfÂ, 'm supposed to love you more than anything... but  
exhaustion causes our suffering  
I daresay... youÃfÂ, 're right I know you always wanted  
the best for me IÃfÂ, 'll find the right words just believe  
me  
You and me another tragedy Expunge the shame of all  
those things you did and couldnÃfÂ, 't see  
All your lies, all of your beautiful lies... provide our  
human aftertaste

DonÃfÂ, 't want the things youÃfÂ, 're offering me  
Sometimes youÃfÂ, 're brave enough to see all kinds of  
human apathy  
Another recipe for hate
