I just try not to cry
I wanna leave this mind and shout it out
Tastes like fear around here
Our destinations are the ones we've been before my
dear

So close but too far
When the bow begins to break we settle down and
hesitate
All this waste, I can't name
So punish me now and let me get back to the shame of
life

When I fall in endless sleep?
I hope you will be gone
Just say you're ready take your place
In a desert of mistakes again

You give in I can't hardly believe
These packed up beliefs there's no gain, let it drain
When the sun begins to faint
How do you keep that shine on

When I fall in endless sleep?
I hope you will be gone
Just say you're ready take your place
In a desert of mistakes again

Provide all of this misuse of our limited times
When the big lie hits your eye
Won't you go on to deny this game

I just try not to cry
I wanna leave this mind and shout it out
Tastes like fear around here
So punish me now and let me get back to the shame of
life

When I fall in endless sleep?
I hope you will be gone
Just say you're ready take your place
In a desert of mistakes again

Provide all of this misuse of our limited times
When the big lie hits your eye
Won't you go on to deny this game
