Now I know we're losing time again
Your strength is my weakness
You're not the one but you're all I see
Give me a reason to descent
A kind of delight.. doesn't fit in with your sight
Displeased with whoever you are
Better by far you should forget and smile... then you should remember and be sad for a day... it's ok!
I hit a nerve when I mentioned you should clean the dirt
When I purified the weight of tears in which I'm struggling for years, my dear...
You can't bring me back I need your love to disconnect... but what have we got before I thought it was enough
I'm not afraid of losing someone you love
After all everyone might have motive now
A part of me is here to rectify the mistakes in my bill... that's clear
I hit a nerve when I mentioned you should clean the dirt
When I purified the weight of tears in which I'm struggling for years, my dear...
