IÃfÃ, 've got to know, youÃfÃ, 've got to listen Now  
youÃfÃ, 've got everything and IÃfÃ, 'm just missing  
She came out of the embrace pushing me violently... on  
the contrary I sensed she was expecting me  
YouÃfÃ, 've got to know, IÃfÃ, 've got to listen Now  
youÃfÃ, 've got everything and IÃfÃ, 'm just missing  
Turn me upside down and youÃfÃ, 'll see IÃfÃ, 'm such  
a reckless man... not only alive but extremely observant  
There may have been some truth in it You prefer to  
safeguard our credits  
On the other hand I know she added..... instinctively
