Good lookin' on the surface... slick icy places...
regarded as demise... denuded of all pride
I won't deter from... what you've always been
Lugubriously... feeling little because unhappy... when
she felt a lump her head... your unexpressed divided
parts
Reluctantly... I am thoroughly tired Punishment is
undeserved... which means the end of all design
I won't rely on... what you've always been
Lugubriously... feeling little because unhappy... when
she felt a lump her head... your unexpressed divided
parts
How can I judge a life this way... when my own is in
disarray

Lugubriously... feeling little because unhappy... when
she felt a lump her head... your unexpressed divided
parts
