Banish my soul? Gather to a head, someday
We all live our lies so oversized
Unleash my thoughts? I wish I could wipe from this
place
All around my head? It's overfed

I don't know if anyone holds the line?
You and me gonna need some time to wash away the
lies

Again we're told to shut it down
Although it's cold, place my demands to understand
Control my hopes, everyone denies to fail
Why can't we find our own delight

I don't know if anyone holds the line?
You and me gonna need some time to wash away the
lies
I don't know if anyone holds the line?
You and me gonna need some time to wash away the
lies

I don't want to lose myself again
Don't want to be my one and only friend
In a moment of pure self help you win

Banish my soul? Gather to a head, someday
We all live our lies so oversized
Unleash my thoughts? I wish I could wipe from this
place
All around my head? It's overfed

I don't know if anyone holds the line?
You and me gonna need some time to wash away the
lies
I don't know if anyone holds the line?
You and me gonna need some time to wash away the
lies

I don't know if anyone holds the line?
You and me gonna need some time to wash away the
lies

I don't know if anyone holds the line?
You and me gonna need some time to wash away the
lies

I don't know if anyone holds the line?
You and me gonna need some time to wash away the
lies

I don't know if anyone holds the line?
You and me gonna need some time
