You take this words directly strange You throw them
just out of your range
Without relation, trust, truth and honour Being
depressed, oppressed, strong and honest
The things we did were just a hint for you and me to
take it constantly Confused ... your mind, your kind,
your sight
Prepare yourself for

Searching for something new Which doesn't take
you down
Searching for, searching for ... Which always helps you
out
Always wanted to suppress your individual personal
stress You take this words directly strange
You throw them just out of your range Without relation,
trust, truth and honour
Being depressed, oppressed, strong and honest The
things we did were just a hint for you and me to take it
constantly

Confused ... your mind, your kind, your sight Prepare
yourself for

Searching for something new Which doesn't take
you down
Searching for, searching for ... Which always helps you
out
