Is it so hard to keep up A steady pull on the opposite  
Give me your well-mended break  
I agree to have What is needed something more Give  
me your well-mended break  
This square is circumscribed... by your vanished road  
that delivers me  
IãfÂ,'m sick of unreturned love... but iãfÂ,'m still  
holdinãfÂ,'on  
CouldnãfÂ,'t save my heart enough ItãfÂ,'s turned out  
fine again Everything concurs to produce the desired  
effect  
ItãfÂ,'s turned out fine again  
This square is circumscribed... by your vanished road  
that delivers me  
  
IãfÂ,'m sick of unreturned love... but iãfÂ,'m still  
holdinãfÂ,'on
