One moment everybody was calling out my name
The next thing I knew my reputation was down the drain
I know for a fact you're the one to blame
I got caught up with you in the heat of the moment
I swear I wasn't completely sane
I regret having ever met you
I'm sorry I asked your name
You paid me in such a cruel way
You picked me up and threw me out like you would to a
rag
And all I have got left is a name tag
That seems to say that I'm a slag
I got caught up with you in the heat of the moment
I swear I wasn't completely sane
I regret having ever met you
I'm sorry I asked your name
You paid me in such a cruel way
I look at friends and they look back then stare the other
way
And I know it's because of what
You had to say about me
I got caught up with you in the heat of the moment
I swear I wasn't completely sane
I regret having ever met you
I'm sorry I asked your name
You paid me in such a cruel way
Nothing happened so why did you say that something
did
Now my name's in the mud
And you're the stud
I got caught up with you in the heat of the moment
I swear I wasn't completely sane
I regret having ever met you
I'm sorry I asked your name
You paid me in such a cruel way
I got caught up with you in the heat of the moment
I swear I wasn't completely sane
I regret having ever met you
I'm sorry I asked your name
You paid me in such a cruel way
