I saw you from afar  
You smiled at me  
But nothing then prepared me  
For what was to be  
I regret not having told you  
How I felt  
But now it's no use at all  
It's just too late  
And I'm living my life on my own  
Nobody knows what I've been through  
Nobody cares  
Cause I'm living my life on my own  
Lonely place to be I know  
But nobody cares for me  
All those years that I loved you  
And hoped you did too  
But I was just too frightened  
To make the first move  
It's not that I'm a coward  
But I had so much to lose  
At least I had your friendship  
Didn't want to lose it too  
And I'm living my life on my own  
Nobody knows what I've been through  
Nobody cares  
Cause I'm living my life on my own  
Lonely place to be I know  
But nobody cares for me  
Yeah I'm living my life on my own  
Nobody knows what I've been through  
Nobody cares  
Cause I'm living my life on my own  
Lonely place to be I know  
But nobody cares for me
