No matter what you say
I'll always love you
No matter what you think
This will always be true
No matter how you make me suffer
I could never love another
My heart belongs to you
My heart belongs to you
A heart so good and true
You can take it
You can keep it
As long as you believe it
I will always love you
No matter how you hurt me
And break my heart
No matter for how long
We are apart
No matter what you do or say
I won't have it any other way
My heart belongs to you
My heart belongs to you
A heart so good and true
You can take it
You can keep it
As long as you believe it
I will always love you
No matter what it takes
I'll always love you
No matter what I have to do
To get to you
No matter what we go through
I don't want no-one but you
My heart belongs to you
My heart belongs to you
A heart so good and true
You can take it
You can keep it
As long as you believe it
I will always love you
My heart belongs to you
A heart so good and true

You can take it
You can keep it
As long as you believe it
I will always love you
