Just when my life is moving slowly up a hill  
Something happens and it's back in the dungeons  
Is this my punishment for my past sins?  
Take me away  
I don't wanna stay  
It's a useless life  
Full of nothing but strife  
So take me away  
There is no reason why I should stay  
Just when I'm floating up in the clouds  
My luck turns around and I'm dropped to the ground  
Life treats me no better than a hunter treats his hound  
Take me away  
I don't wanna stay  
It's a useless life  
Full of nothing but strife  
So take me away  
There is no reason why I should stay  
Just when I think I've made it all the way  
Something happens and I'm back to square one  
Why do I deserve this, what have I done?  
Take me away  
I don't wanna stay  
It's a useless life  
Full of nothing but strife  
So take me away  
There is no reason why I should stay  
Just when I think nothing could go wrong  
Just as I think I've got it all  
It's time for me to experience a fall  
Take me away  
I don't wanna stay  
It's a useless life  
Full of nothing but strife  
So take me away  
There is no reason why I should stay  
Take me away  
I don't wanna stay  
It's a useless life  
Full of nothing but strife  
So take me away

There is no reason why I should stay
