Intempted
to want this wrong
condition
I thought was gone
It isn't easy walking through rings of fire

Long shadows
Put out the light
Solutions
Have lost their sight
And I erase it

CHORUS:

When it's gone
Any tragedy won't matter
Ebb and flow
Running from the empty room
When one depends on two
One intempted

In fables
Somewhere to hide
This prison
Leaves me inside
A constant aching
Tired believer
Time to let it go
Tried to save it
The best I know
Count the reasons

CHORUS

BRIDGE

Trading all the losses
Suffer me now
Your bloated will cries
Swelling down
In agony

Gone
Any tragedy won't matter
When it's gone
I surrender to the pain
Ebb and flow
Running from the empty room
When one depends on two
One intempted
