"And I Love You"

Visit "[And I Love You](#)" on MotoLyrics.com

I walked along the river
The way they sing a song
Of love for God and freedom
And soldier without a gun

I know a brave old lady
She's gone so far away
To help the helpless people
She told me she'll always say

And I love you, and I love you

Don't be afraid I'll help you too
And I love you, and I love you
There are so many things to do

I hear alarm bells ringing
I see the sun go down
Come on let's fight for freedom
For love makes the world go around
