Death or glory

Baby you and me

No warning no mercy

Off with his head

She said said she

Death or glory

All the bliss

All that memory

You threw us out

The window

Not even one last kiss

One last kiss

Get your stick on the ice

Fast forward out of town

Drunk me dry and threw me away

My strength is down

'Like one that on a lonesome road

Doth walk in fear and dread

Having once turned round walks on

And turns no more his head

For he knows that close behind

A fearful fiend doth tread'
Death or glory
Baby you and me
Let's get into battle
Win us both a v.c.
There's nothing left here we can lose
And everything to win
We live in heaven hearts and minds
We can make it there again
Our strength will be then
Death or glory
Baby down to you
Death or glory
Baby up to me
Get your stick on the ice
Fast forward out of town...
Drunk me dry and threw me away
My strength was gone
We lived in heaven
Hearts and minds
We can make it there again
Our strength will be then
