I see the light
I see the light at the end of the tunnel
I see the light and it's burnin' bright
I see the light it's the light at the end that I run to
And the light, darlin' is you
In the lonely heart of darkness
I have stumbled and I have strayed
Always searchin' but never finding
A ray of sunlight to guide my way
I see the light
I see the light at the end of the tunnel
I see the light and it's burnin' bright
I see the light it's the light at the end that I run to
And the light, darlin' is you
I have traveled down this highway
Of hope abandoned and broken dreams
An unbeliever my faith was shaken
By all the sorrow I had seen
I see the light
I see the light at the end of the tunnel
I see the light and it's burnin' bright
I see the light it's the light at the end that I run to
And the light, darlin' is you
And the light, darlin' is you
