Guess it's time for me to say just how it is that I feel
today

Today is just like any other day cause you've been on
my mind

It really hasn't been that long but it's funny where the
time has flown

Old memories just keep holding on and you been on
my mind

You been on my mind sometimes

I think I must be going blind

I've seen a world baby without you

But I don't see myself there too

Hardly does a day go by when I don't see your clear
blue eyes

Many night I just wonder why and you been on my mind

You've been on my mind so long

I've been thinking that something was wrong

I've told myself I should forget

But I don't seem to have it yet

I don't dream that you might change I don't think that
I'm acting strange

I tell myself it's all in vain and you been on my mind

You've been on my mind I've said

Till it's all that's in my head

Yes I know what I must do

But I don't think you'll be there too

Guess it's time for me to go but as it is I'll never know

Just what it is that I long for so And you been on my
mind

You been on my mind
