I don't want you but I could do without you
Dead babies in a jar on the shelf
I may see you but I could see someone else
I'm like Venus, just with a virus
I am the Goddess on the floor
The daughter, the wife
The vixen whore
I am the Goddess on the floor
The son, the virgin
The fire door
I am the Goddess on the floor
The daughter, the wife
The fire door
There's no meaning to anything
When you are looking for answers
Am I distracting you from the truth?

Everything is entertainment
I am the Goddess on the floor
The daughter, the wife
The vixen whore
I am the Goddess on the floor
The son, the virgin
The fire door
I am the Goddess on the floor
The daughter, the wife
The fire door
Can you see what I see, can you see?
Can you see what I see, can you see?
Can you see what I see, can you see?
We want the world, we want the world NOW (x9)
