What are we doing flying a car?  
We're only 12 years old  
I can't believe that we haven't crashed yet  
It's only a matter of time

And Ron got a Howler  
From Mrs. Weasley  
The only good thing about living with the Dursleys is  
that  
They don't care about me

We crashed in right into the Whomping Willow  
What a way to arrive  
I can't believe that we didn't get expelled  
It's only a matter of time

And Ron got a Howler  
From Mrs. Weasley  
The only good thing about living with the Dursleys is  
that  
They don't care about me

No they don't care about me
