Let's drink down a bottle of Felix Felicis
Then we'll bury a giant spider
And then we'll reveal ourselves to a hogwarts professor
While we're sneaking out of the castle at night

All of these ideas seem so reasonable once I've had
something to drink
(X2)

Felix Felicis
Makes me feel invincible
Felix Felicis
Makes me feel invincible

All of these ideas seem so reasonable once I've had
something to drink

Felix Felicis
Makes me feel invincible
Felix Felicis
Makes me feel invincible

All of these ideas seem so reasonable once I've had
something to drink

Felix Felicis
Makes me feel invincible
Felix Felicis
Makes me feel invincible

All of these ideas seem so reasonable once I've had
something to drink
